Higgs Physics 4

Monday 17 April 2023 17:00 (1h 30m)

- \- Search for new physics in the Higgs sector.
- \- The Higgs boson and processes beyond the SM.
- \- Extensions of the SM, minimal and non-minimal extensions.
- \- High mass searches.
- \- MSSM Higgs searches: neutral, charged.
- \- Light pseudoscalar, resonant and non-resonant Higgs pair production.

Presenter: GALLINARO, Michele (LIP)
