

# LIP Internship Program 2023

information for the week and beyond

Sofia Andringa for the many people involved

LABORATÓRIO DE INSTRUMENTAÇÃO  
E FÍSICA EXPERIMENTAL DE PARTÍCULAS

# welcome to LIP

2017

in person is better than online!

2022:  
back to in person!

# welcome to LIP

LIP Minho 2023

# the agenda this week

**A few lectures each morning,**  
covering most of the subjects of your projects

**From LIP researchers & graduate students,**  
you can ask all the questions you want

**Hands-on tutorials in the afternoons,**  
learn useful tools for your projects & beyond  
(these are in parallel: you'll need to choose)

lectures & tutorials

also by zoom,  
also recorded,  
but...

<https://indico.lip.pt/event/1520/>

# the center & surroundings

## **Your project**

this is clearly the main focus for all of us!

## **Your supervisor, colleagues, group**

the supervisor is your main contact;  
has everyone already met?

## **The LIP community**

colleagues are spread around in location  
but we stay connected to the rest of LIP

email or slack

Sofia @ lip.pt

Pteubig @ lip.pt

Raul @ lip.pt

Pbras @ coimbra.lip.pt

Helpdesk @ lip.pt

# the agenda further on

## **Mid-term activities**

not centrally planned but  
you're welcome to propose and we'll help!

## **Final workshop in September 7th and 8th**

one talk from each project, mark the date!  
more details will be given further on

## **Final papers also expected for each project**

check out previous ones in the LIP webpage

learn also about  
the other projects and  
the work of your colleagues

# your questions

**Coffee-break times and where to have lunch?**

**Working times and spaces?**

**Summer holidays!**

**Languages...**

**What else?**
