

# Wide field-of-view gamma-ray observatory in the Southern hemisphere

## Monday, 20 May 2019

### Science (14:40 - 16:10)

time	[id] title	presenter
14:40	[2] HAWC science results	GOODMAN, Jordan
15:10	[3] SGSO white paper	SCHUSSLER, Fabian
15:40	[4] Observing dark matter signals from the Galactic centre	SCHLOORLEMMER, Harm

### Science (16:40 - 18:10)

time	[id] title	presenter
16:40	[5] Observation of the sub-TeV gamma-ray sky from the Southern Hemisphere	LA MURA, Giovanni
17:10	[6] From Tibet to the Southern hemisphere: an RPC-based detector for astroparticle physics	CAMARRI, Paolo
17:40	[7] Cosmic ray physics @ Southern hemisphere	CHIAVASSA, Andrea
