

SciNeGHE 2014

Wednesday, 4 June 2014

Session 2: Photon propagation and cosmology: background photons in the intergalactic medium - Auditorium (10:00 - 12:30)

-Conveners: Elisa BERNARDINI

time	[id] title	presenter
10:00	[0] From galactic stellar populations to the EBL	FRANCESCHINI, Alberto
10:30	[1] EBL from galaxy evolution	DOMINGUEZ, Alberto
11:00	[2] EBL signature on VHE gamma photons	MAZIN, Daniel
11:30	[3] VHE photon propagation and determination of the cosmological constants	BLANCH, Oscar
12:00	[4] Intergalactic magnetic fields	NERONOV, Andrii
